Tiruvallur, Tamil Nadu, India

CAREER OBJECTIVE

Integrated M.Sc. Biotechnology student (CGPA: 9.01) with a strong foundation in applied biotechnology, pharmaceutical operations, and system-driven execution. Demonstrated ability to deliver high-impact outcomes, including managing **Rs. 7 crore finances across 150+ events** and executing **952 successful blood donations within ~7 hours** (university record). Skilled in building scalable, automation-driven systems using AI tools, API integration, and data workflows. Combining biotechnology expertise with leadership, financial management, and business development capabilities. Seeking roles in **pharmaceutical operations, industrial biotechnology, healthcare systems, and business development** with long-term interest in industry-integrated applied research.

CAREER INTERESTS

Industrial Biotechnology • Pharmaceutical Operations • Healthcare Systems • Business Development • Operations Management • Industry-Integrated Applied Research

EDUCATIONAL QUALIFICATION

Vellore Institute of Technology (VIT), Vellore 2022 – 2027
Integrated M.Sc. Biotechnology / ***CGPA: 9.01***

Sri Chaitanya Junior College, Vijayawada 2019 – 2021
Intermediate (BiPC) / ***96%***

Masters EM High School 2018 – 2019
Secondary School Certificate / ***GPA: 10.0***

RESEARCH EXPERIENCE

Aquaculture Feed Formulation Research — VIT Vellore (SBST) *Jun 2025 – May 2026*

Supervisor: Dr. R. Sudhakaran, Department of Integrative Biology

- Developed sustainable, antioxidant-rich aquafeed formulations using agro-industrial fruit peel waste, reducing reliance on commercial feed inputs.
- Conducted proximate analysis and biochemical assays including **protein estimation (Bradford, BCA, Lowry), lipid, carbohydrate, and antioxidant evaluation (DPPH, ABTS)** for nutritional profiling.
- Translated laboratory findings into scalable aquaculture feed applications with potential for industrial adoption.

Biotechnological E-Waste Leaching Strategies — VIT Vellore *Sept 2025*

Supervisor: Dr. Anand Prem Rajan

- Designed a microbial bioleaching approach for heavy metal recovery from electronic waste streams.
- Applied biotechnology principles to industrial sustainability, circular economy frameworks, and resource recovery.

MANUSCRIPTS

- *Transcriptomic & Immunological Impact of Synthetic Food Colorants and Additives on the Human Gut.* (2026, Under Preparation)
- *Organic, Innovative, and Eco-friendly Feeds for Aquaculture.* (2026, Under Preparation)

INTERNSHIP EXPERIENCE

Glory Pharma Chem India Pvt Ltd — Industrial Intern *2025*

- Gained hands-on exposure to GMP manufacturing workflows, quality control (QC) procedures, and regulatory documentation standards in an active pharmaceutical facility.

GSK Technologies Pvt Ltd — Industrial Intern *2024*

- Observed industrial biotech process optimization and scale-up strategies, gaining insight into plant operations and production system efficiency.

TECHNICAL PROJECTS

Blood Donation Management System *4 Camps | 2023 – 2025*

- Managed **1,104+ registrations** resulting in **952 successful donations in ~7 hours** — highest university record.
- Reduced manual coordination effort by ~60% through real-time tracking, digital registration, and automated reporting.

NSS Bus Attendance Automation System *Automation | 2024 – 2025*

- Automated attendance tracking for **400+ volunteers** across NSS rural camp operations, reducing manual errors and improving logistics accuracy.
- Streamlined data collection and reporting workflows, enabling real-time visibility into volunteer deployment and transport coordination.

Drug Repurposing Tool *Bioinformatics*

- Integrated bioinformatics APIs to streamline drug repurposing workflows and improve candidate identification efficiency.

Token Generation System *Automation*

- Built a customizable QR/barcode-based token generation platform supporting bulk automated operations for institutional events.

Cake Ordering Platform *Full-Stack Development*

- Developed an end-to-end e-commerce platform featuring automated pricing, payment integration, and an admin management dashboard.

SKILLS

Molecular Biology: PCR; Agarose Gel Electrophoresis; SDS-PAGE; Vector Ligation; DNA Isolation & Quantification; Restriction Enzyme Digestion.

Analytical Techniques: TLC; UV-Vis Spectroscopy; Bradford Protein Estimation; Antioxidant Assay (DPPH, ABTS); Lipid Estimation; Carbohydrate Estimation; Chromatography; Titrations; RBC & WBC Counting; GLP.

Microscopy & Cell Biology: Light Microscopy; Scanning Electron Microscopy (SEM); Transmission Electron Microscopy (TEM); Cell Culture; Bacterial Culture; Media Preparation; Sterilization & Autoclaving; Plant Tissue Culture.

Bioinformatics: UniProt; NCBI BLAST; PDB; KEGG; Primer-BLAST; REACTOME; STRING; Ensembl; GEO2R; Vaccine Design; Drug Repurposing APIs.

Business, Management & Operations: Operations Execution; Financial Planning; Budget Management; Business Development; Leadership; GST & TDS Compliance; Vendor Negotiation; Procurement.

AI & Systems Development: AI Tool Development; Prompt Engineering; API Integration; Automation (Google Apps Script); Workflow Design.

Clinical & Data Analysis: MS Excel (Advanced — pivot tables, financial tracking, dashboards); Google Sheets Automation; Real-time Data Visualization; Clinical Data Handling; GCP; ICH Guidelines; Documentation Systems.

Web & Full-Stack Development: Supabase (Auth, DB, Storage); Vercel; REST APIs; QR Code Generation; Payment Gateway Integration (GPay, QR).

Programming & Tools: R; HTML (Basic); VS Code; Figma; MS Office Suite; Google Workspace; Canva; PowerPoint; Google Apps Script; Antigravity; Video Editing.

Languages: English (Fluent); Telugu (Native); Tamil (Conversational); Hindi (Basic).

LEADERSHIP EXPERIENCE

Finance Manager — Riviera'25 & Riviera'26 Cultural Fest (VIT) *2025, 2026*

- Managed end-to-end finances for **150+ events over 4 days**, overseeing a total budget of **Rs. 7 crore**.
- Handled vendor and artist payments; performed **GST, TDS, and profit/loss analysis** using structured Google Sheets financial systems.
- Ensured transparency, cost control, and efficient resource allocation across all fest operations.

Blood Donation Camp In-Charge — NSS VIT *4 Camps | 2023 – 2025*

- Executed healthcare camps with **1,104+ registrations and 952 successful donations**, delivering record-breaking performance under strict time constraints.
- Coordinated with hospitals and 950+ donors to ensure smooth end-to-end operations.

NSS Special Rural Camps — 4 Villages (7 Days Each, 400+ Volunteers) *2022 – 2025*

- Progressed through NSS roles: Volunteer → Coordinator → Organizer → Advisory, demonstrating consistent leadership growth.
- Managed logistics, team coordination, and field operations across 4 rural camps, overseeing 400+ volunteers per camp.
- Designed and executed community development programs with measurable social impact across all village sites.

Secretary, Board Member — NSS VIT *2024 – 2025*

- Led multiple social initiatives, events, and operational programs with measurable community impact at the institutional level.

Purchase Coordinator — Gravitas'24 *2024*

- Handled procurement, vendor negotiations, and logistics for the university's annual technical fest.

Student Organiser — VIT Biosummit (SBST Flagship Event) *2023 – 2024*

- Led cross-functional execution across outreach, documentation, design, technical, and social media teams, ensuring coordinated and efficient event operations.

ADDITIONAL EXPOSURE

Clinical Data Management Program *VIT vellore by BCRI*

- Completed structured training in clinical data management principles, data handling workflows, and regulatory compliance frameworks (GCP, ICH guidelines).

STHREE Chemicals Pvt Ltd — Industrial Visit *2024*

- Acquired practical understanding of chemical manufacturing operations, warehouse management, and quality assurance protocols.

ACHIEVEMENTS

- **100% Attendance Award** — VIT Vellore (2023 and 2025)
- **EntrepreNATION** — 2nd Prize (Entrepreneurship Competition)
- **Water Conservation Ideathon** — 3rd Place
